

CHANNEL LIVING

SUPPORTING SUSTAINABLE LIVING LOCALLY
www.channelliving.org.au

Who are we?

We are an incorporated, not-for-profit community group that aims to help Channel residents to live in a way that reduces our impact on the environment, and prepares us for a future where there are fewer resources and more people.

Our vision is a vibrant, resilient community that provides a significant proportion of our own food, services and social activities. We are working towards this by facilitating constructive relationships within our community, and providing a foundation that members can build on.

Membership Benefits

Members have access to:

Food co-operative – local, organic, ethical and environmentally products at affordable prices (save waste - BYO packaging).

Vege boxes/bags – support the future of farming in our neighbourhood by subscribing to a weekly share of the harvest.

Community noticeboard – trading, buying, selling, sharing. Find goods and services locally or advertise your own.

Workshops and information sessions related to living sustainably and developing diverse skills.

Low cost rental of tools, preserving equipment etc.

Access to library of sustainability-related books and DVDs.

Want to help?

Do you have skills you are able to share? (please circle)

For example:-

- **Gardening** e.g. propagation, seed saving etc
- **Other home skills** eg. sewing, darning, home-made cleaning products
- **Business** eg. administration, book keeping/accounting, computer skills, etc
- **Increasing energy-efficiency of existing homes/buildings**

- **Cooking and preserving**
- **Art/craft** eg. Photography, design, textiles, etc
- **Building/design** eg. environmentally friendly design & construction
- **Handyman/woman**
- **Other** (please write any other comments on reverse side)
